5	Mitchell–Euro Adapter	6 -7
6	Bowl-Euro Adapter	7-8
7	Mitchell-Bowl Adapter	8-10
8	Euro–Mitchell Setup	10-12

Multi Adapter Kit Setup

- Align the Euro Flange with the threaded holes on the Adapter Plate and insert the bolts.

- Tighten all bolts using a 5mm Allen key.

Euro – Bowl Adapter

- Attach the Distance Rods to the side threads of the Adapter Plate, then secure them using a 5mm Allen Key.

- Install all rods, then place the 100mm Bowl Adapter, aligning with the rod threads.

- Insert the bolts into the designated holes of the Bowl assembly.

- Use the 5mm Allen key to firmly tighten the bolts, securing the assembly in place.

Euro – Mithcell Adapter

- Attach the Distance Rods evenly across the Adapter Plate according to your setup, and secure them with bolts.

NOTE: You can mount them in any of the Adapter Plate's threaded positions to fit your setup's required spacing and configuration.

- Place the Mitchell Plate on the rods, aligning the threaded holes, and insert the bolts.

- Tighten the bolts securely using a 5mm Allen Key.

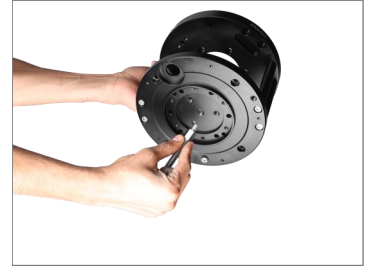

Bowl-Mitchell Adapter

- Using the Allen Key, loosen and remove the bolts to detach the Euro Flange from the Adapter Plate.

- Loosen and remove the bolt from the clamping knob and place it on the adapter plate .

- Now Insert the bolt from the backside of the Adapter Plate and tighten it securely using the 13mm Spanner.
- Mount the assembly onto the Bowl Stand **(Not Included)**.

- Tighten the knob firmly to secure the setup.

Mitchell-Euro Adapter

- Align the Mitchell Lock with the bolt threads on the Adapter Plate and attach it.

- Insert bolts from the backside and tighten securely using the 6 mm Allen Key.

- Place the Euro Adapter onto the Adapter Plate by aligning the threads, then insert the bolts.

- Tighten all bolts properly using the 6mm Allen Key to secure the Euro Adapter.

- Mount the Euro Adapter onto the Mitchell Stand (**Not Included**) and tighten the castle nut firmly.

Bowl-Euro Adapter

- Place the Euro Adapter onto the Adapter Plate by aligning the threads, then insert the bolts.

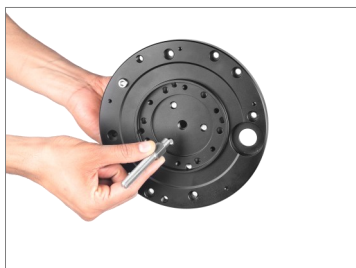

- Tighten all bolts properly using the 6mm Allen Key to secure the Euro Adapter.

- Align the Lock with the bolt threads on the Adapter Plate and place it in position.

- Insert the bolt from the backside of the Adapter Plate and tighten it securely using the 13mm Spanner.

- Mount the assembly onto the Bowl Stand **(Not Included)**.

- Tighten the knob firmly to secure the setup.

Mitchell-Bowl Adapter

- Place the bowl adapter (150mm) plate on the rods.

- Insert bolts through the adapter, align with rod threads, and tighten using the 5 mm Allen Key.

- The Mitchell-Bowl Adapter is now ready to use.

- Remove the castle nut from the Mitchell Lock, as shown in the image.

- Mount the Bowl-Mitchell onto the tripod stand **(Not Included)**.

- Secure the Bowl-Mitchell from underneath using the castle nut on the tripod stand **(Not Included)**.

- Mount a 150mm fluid head **(Not Included)** & insert it into the bowl through the screw.

- Tighten and secure the 150mm Fluid Head using the Fluid Head knob.

- After securely mounting the Fluid Head, remove the Camera Plate by pulling the release knob, as shown in the image.

- Attach the Camera Plate to the bottom of the Camera **(Not Included)**.
- Once attached, mount the Camera onto the Fluid Head by pulling the release knob and sliding the camera into place.

- The camera is now properly secured on the Fluid Head.

Euro-Mitchell Setup

- Attach the Distance Rods evenly across the Adapter Plate according to your setup, and secure them with bolts.

NOTE: You can mount them in any of the Adapter Plate's threaded positions to fit your setup's required spacing and configuration.

- Place the Mitchell Plate on the rods, aligning the threaded holes, and insert the bolts.

- Tighten the bolts securely using a 5mm Allen Key.

- Mount the Euro-Mitchell onto the Bazooka (Not Included).

- Secure the Euro-Mitchell firmly using the provided ratchet knob.

- Mount the Fluid Head (**Not Included**) onto the Euro-Mitchell.

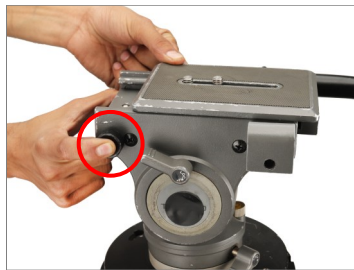

- Secure the Fluid Head (**Not Included**) using the castle ring.

NOTE: This setup is compatible with Cameras, Dollies, Bazookas, Tripods, Sliders, Jibs, and more—suitable for almost every operation.

- Remove the Fluid Head plate by pushing the release knob on the Fluid Head (**Not Included**).

- Attach the Fluid Head plate to the bottom of the Camera and tighten it properly using a screwdriver.

- Mount the Camera by sliding it onto the Fluid Head, as shown in the image.

- Pull and tighten the knob of the Fluid Head to securely lock the Camera in place.

Note: It is a full-fledged kit that includes all necessary adapters and tools, created with the goal of being adaptable with every mount and with as few items as possible. Quickly adapt from Bowl to Euro, Bowl to Mitchell, Euro to Bowl, Euro to Mitchell, Mitchell to Bowl, Mitchell to Euro, truly one solution for every situation.
